# Configuring the shipping module for Presta Shop

INSTALLING THE MODULE:

The archive with the FAN Courier module's files will be loaded using the Prestashop admin platform: Modules -> Modules -> Add new module -> browse and select the archive from your computer -> Upload this module.

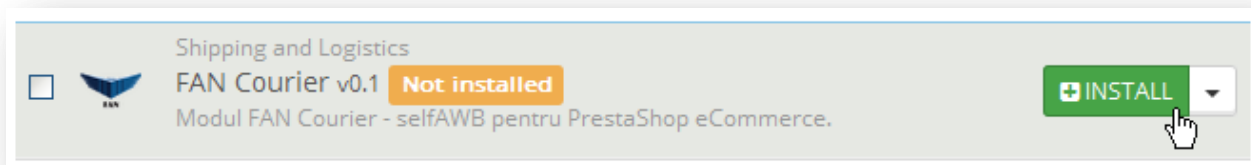

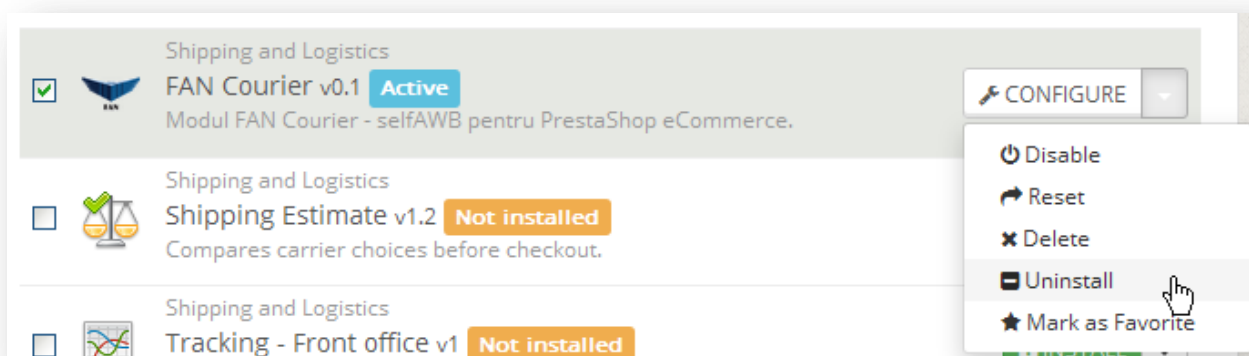

After this step is done the module can be installed.

Note: If you wish to install a different version of the module, first you will have to uninstall the current installed module from the admin platform: Modules -> Modules -> click the *Uninstall* option from the FAN Courier module. After uninstalling the module you may follow the normal installation procedure.

CONFIGURING THE MODULE:

To configure the FAN Courier module for *Presta Shop* you must follow these steps:

1. *A se utiliza modulul FAN Courier (use the FAN Courier module)* - select **Yes** to activate the module;

2. **Client ID** (*customer ID)* – it is assigned by FAN Courier and you can obtain it after sending a request to selfawb@fancourier.ro where you have specified the company you represent and your selfAWB user account or you can find it in the application interface after the authentication in Self AWB:

3. *Cont utilizator* (*user Account)* – the user account used in the SelfAWB application;

4. *Parola (password)* – the user account's password used in the SelfAWB application;

5. *Confirmare AWB de catre Admin* (*AWB confirmation by Admin)* - Select **Yes** if you want to confirm the transport document for each order only from the administrator console. In this way you avoid the slip's populating in selfAWB with AWB's that you will not use. Shipments are taken by FAN Courier only if picked up by a courier;

6. *Expediere colete (package expedition)* - Select **Yes** if you are sending packages and **No** if you are sending envelopes;

7. *Numar pachete / AWB* (*packaget number / AWB)* - enter 1 if you are sending one single package / AWB or the total number of packets sent by a single AWB number;

8. *Plata AWB la destinatie* (*AWB payment at the destination)* - Select **Yes** if the payment will be made at the destination (the shipping fee will for the standard clients, not the one according to the contract);

9. *Afisare pret fara TVA (display price without VAT)* – select **Yes** to exclude the VAT from the transport fee;

10. ***Afisare pret doar km suplimentari*** *(display price only for additional km)* – Select ***Yes*** (you must set: **Plata AWB la destinatie - No** & **Adaugare taxa transp. la ramburs - Yes**) to display the shipping fee only for destinations with additional km (the fee will be added to the reimbursement, the payment will be at the sender);

11. ***Ascundere taxa de transport*** *(hide shipping fee)* - select ***Yes*** to hide the cost of the expedition and to always display 0.00 (lei / euro / dollars);

12. ***Suma minima transport gratuit*** *(minimum amount for free transport)* – enter a positive numeric value to display the shipping fee ***0 LEI*** if the total cost of the ordered products is at least equal to the input value;

13. ***Afisare suma fixa transport*** *(display fixed amount for the shipping fee)* - fill in a positive value to be displayed as a fixed amount for the shipping fee;

14. ***Serviciul activ*** *(active service)* – select the service which you want to use for the shipping method;

15. ***Solicitare ramburs valoare marfa*** *(request the refund of the merchandise's value)* – Select ***Yes*** to require the repayment of the total value of the products included in the order;

16. ***Adaugare taxa transp. la ramburs*** *(add shipping fee for refund)* – select ***Yes*** (you must also set: **Plata AWB la destinatie – No**, the shipping fee will be according to the contract) to include the shipping value in the repayable amount (printed on the AWB at refund);

17. ***Plata ramburs la destinatie*** *(refund payment at destination)* – Select ***Yes*** for the expedition refund's payment at the destination (valid only for non-ContColector expeditions which request refund delivery);

18. ***Solicitare asigurare de transport*** (*trasnport insurance application*) – select ***Yes*** to ensure the shipments in the event of damage according to the delivery's terms and conditions. The declared value will be equal to the total value of products included in the order + taxes (ex: VAT);

19. ***Include cod produse la continut*** (*product code printing to content*) – select ***Yes*** to print in the AWB's ***Continut***(Content) the codes for the products included;

20. ***Observatii (imprimare pe AWB)*** - *observations (print on AWB)* – enter the message that you want to print on the AWB in the ***Observatii***(Observations) heading;

21. ***Persoana de contact*** *(contact person)* - enter the sender's contact name or other information;

22. ***Deschidere la livrare*** *(Check on delivery)* – it will be checked if you wish to use the "Deschidere la livrare (Check on delivery)" option (this service is available and chargeable only to the sender - will require the configuration: **Plata AWB la destinatie - No**).
